(on special duty)

S I R.

In continuation of my letter No. 112 dated 4th August 1917 regarding the publication of final notifications of the constitution of minor municipalities in the District, I have the honor to forward herewith two petitions received in this office, one from the residents of Goravanakal village and the other from a certain ryot of Hosdrug objecting to the inclusion of survey numbers 51,46,45 &c, of Goravanakal village into the limits of the said Hosdrug municipality. The petitioners are under the idea that the said survey numbers would be acquired for the extension of the Hosdrug municipality by their being brought under the municipal area. But it is not the case. As the lands in question are close to the town, the limits of the municipality are extended so that the people may not defraud the municipality of the octroi and other duties by depositing such goods in buildings that may be erected on such lands. In the interest of municipal administration, it was found necessary to include the said lands under the municipal limits without interfering with the cultivation of such lands. The objections put forward are therefore untenable.

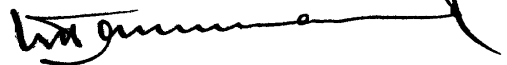

2 The draft final notifications in respect of the Hosdrug Municipality sent with my letter No. 54 dated 7th May 1917 may

kindly be caused to be published in the Mysore Gazette

I have the honor to be,
